Attachments: Coal Tar CP Response.pdf; CA attorney general letter to FDA-RE coal tar review.pdf; FDA petition-coal tar review.pdf

Hi all, I am re-forwarding these docs so we can skim them before the April BaP-SAB meeting. I've mentioned some parts of these documents below that might be of interest to different folks on the team.

-Kathleen

Subject: FYI: past FDA and Cal EPA coal tar reviews

Hi all, I am passing along some information about FDA's and CalEPA's reviews of therapeutic coal tar formulations.

Background: About a month ago Linda Phillips and I talked briefly with someone from FDA about how they made the determination that coal tar formulations (used for various skin conditions) were safe. **Ex. 5 Deliberative Process (DP)**

Ex. 5 Deliberative Process (DP)

I know this is probably information overload, but I think some of the attached info might be useful to look at before the BaP peer review meeting. For example **Ex. 5 Deliberative Process (DP)**

Ex. 5 Deliberative Process (DP)

Enjoy!

Kathleen

Hi, sorry I missed your call earlier this morning. I'm attaching 3 files that will hopefully help give an idea of the FDA's position/understanding of coal tar products. I'm going to call Linda's phone right now as well.

Thanks,
Ben

Hello,

Is there a good phone number where I can call and talk to one or both of you? I'd like to get some more information on what you're looking for. Thanks!

Benjamin Bishop, Pharm.D., M.S. Reg. Sci.
Lieutenant, U.S. Public Health Service

Hi Kathleen and Linda

I spoke with Ben Bishop in FDA's Non-prescription Product Regulation Division. Ben is going to pull some files on coal tar products and then will be happy to talk to you. I said you guys would give him a couple of days to get to the files. Ben is cc'ed on this email and his phone number is 301 796-7414.

I look forward to hearing what you learn. Thanks
